

SIROS™

Control your Y-90 delivery with confidence

Driving Innovation for Y-90 Delivery

SIROS is designed to be simple to use and adaptable enough to allow expanded options for patient-tailored delivery

Visual

- Visually controlled administration enables precision

Intuitive

- Intuitive design for easy set-up, fluid administration and quick disposal

Adaptable

- Enhanced control allows for more options to tailor sphere delivery

SIROS™

Intuitive Y-90 Delivery

Locking cover

Shields and safely contains the Y-90 during delivery.

Needleless vial

The D-Vial is designed to eliminate touch points and allow more controlled delivery options that may result in a more even distribution of spheres exiting the vial.

Delivery Set

The peel and place tubing set is designed for quick and simple set-up and disposal.

Simple Set-up. As easy as 1-2-3

- 1 Position**
tubing set on base
- 2 Place**
needleless D-Vial holder
- 3 Snap**
on cover to lock and secure SIR-Spheres
